SUMIT AGGARWAL

Professional Summary:

- A dynamic professional with **3+ years of experience in development and maintenance of JAVA based applications**
- Ability to quickly learn and master new technology, equally successful in both team and self-directed settings, and proficient in a range of computer systems, tools and programming methodologies.
- Consistently recognized for technical problem solving skills used to rapidly and cost-effectively resolve challenging technical issues.
- B.Tech in I.T. from D.A.V.I.E.T with %age of **73.62**

Corporate Exposure

Total **40 Months** of working experience at **Infosys Limited, Bangalore** in a challenging Banking domain.
Role: **Senior Systems Engineer**

Technical Skill Set:

Programming	Core JAVA, J2EE, PLSQL, Scripting languages, Markup
Languages	Languages
Operating System	MS-Windows, Unix, MS-DOS
Tools	RAD, Eclipse, Maven, Perforce, SSH Tectia, Tealeaf, Introscope, VSS
Web Servers	IBM Websphere 8.0, Apache Tomcat
Database	Oracle, Informix
Web Frameworks	Struts2.0, MVC

Significant Achievements

❑ Got **Insta Award** for outstanding work in BOAOLB Project.

❑ Got various client appreciations for following standard practices and providing well documented high quality deliverable well in time and working out well in crunch situations whenever required.

Key Projects:

Project: BOAOLB – Online Banking Application Development and Maintenance

Description:

The project involves the development and maintenance of Online Banking Application for Bank of America. **WEAS(Websphere Enterprise Application Server)** is a java based internet banking application that provides online access to consumer and small business customers for bank account information and self-service functions in an authenticated secure environment. The project team is required to keep the application running smoothly and enhance the existing functionality of the application with the monthly maintenance release and optimize the code. One more area of work involves the resolution of the issues faced by individual customers (low severity issues) where in we are required to analyze the code to come up with the cause/solution and fix it.

Duration: Feb 2011 – Till Date

Team Size: 12

Technology: Core Java, J2EE components – Servlets, JSP, JDBC, Web Services, Struts2.0

Responsibility: Working as a DPMO co-ordinator, my role includes identifying possible improvement scopes in the project and implementing the solutions.

- Working on implementing new functionalities and enhancements as requested by client.
- Working on Sev3 Tickets – role includes requirement gathering, analysis, fix identification, Unit Testing and Ticket reviews.
- Identifying the automation scopes in the project and creating tools to reduce the manual efforts.
- Creating and maintaining various documents required in each phase of SDLC.
- Worked on several high severity customer escalations and have always been successful in providing solution to customer problem before given deadlines.

Project: BOAOLB- Reset Passcode Migration

Description:

Reset Passcode flow logic was residing in both GCSL(Gating Security Layer) and WEAS. The aim of this project was to move complete Passcode Validation functionality from WEAS to GCSL and make GCSL an ideal application for making all customer authorization calls for Reset Passcode flow.

Duration: July 2010 – Jan 2011

Team Size: 4

Technology: Java, JDBC, HTML, JSP, Web Services

Responsibility: Developer – Detailed Design, Coding, Testing

Additional Responsibilities:

Configuration Controller: As a configuration controller, my role includes maintaining the versions of application codes, documents, LAN access and audit.

Tool Anchor: As a tool anchor, my role includes identifying and documenting the business value adds associated with all the tools developed by team.

Educational Qualification:

Course	School/College	Discipline	Year of Passing	Marks
B.Tech	D.A.V. Instt. Of Engg. & Tech. Jalandhar Punjab Technical University, Jalandhar	Information Technology	2009	73.62%
12th	Swami Sant Dass Public School, Jalandhar	Non-Medical	2005	68.20%

10th	CBSE, New Delhi St. Joseph's Boys' School, Jalandhar ICSE, New Delhi	2003	87.83%

Minor Projects/Tools

- <u>Properties Update Tool:</u> As a part of BOAOLB project, created a tool which would make the task of querying and updating various databases easy saving the time involved in manually logging into individual DBs.

- <u>Bluetooth Chat</u>: A mobile application written in JAVA which allows two users to chat over Bluetooth.

- <u>Phonebook:</u> A GUI application written in JAVA which allows user to Add/Edit/Delete contact information in system database.

- <u>Banking Application</u>: A command line interface driven application written in C++.

Strengths

- Willingness to take higher responsibilities
- Dexterity to work in pressure situations
- Interpersonal and leadership skills
- Comprehensive problem solving abilities
- Willingness to learn, team facilitator hard worker

Extra Co-curricular Activities/Achievements:

- Got **Insta Award** for outstanding work in BOAOLB project.
- Presented paper at National Conference MMPITT-2009 on Sementic Web.
- Held the post of House Prefect in 10th Standard
- Second Position in district level carrom tournament(U/16) category held at Markfed, Jalandhar(2001)
